

Brand quality from **HOPPE** – Made in Europe

Hardware recognizable by the HOPPE trademark is still the Handle of excellence after all these years! Offering an extensive range of door and window hardware designed attractively in a number of materials including aluminum, brass, polyamide, or stainless steel.

According to HOPPE, a brand-name product keeps its promise of quality. As such, as long as the assembly and maintenance guidelines are fulfilled; HOPPE gives a 10-year guarantee on the mechanical operation of all handles.

We stand beside HOPPE in considering the environment of constitutional importance. Use of this product line increases the level of effectiveness by taking care of the resources available and avoiding production of unwanted waste.

Produced in Europe, the HOPPE facilities are certified to international quality standards (DIN EN ISO 9001:2008), environmental management (DIN EN ISO 14001:2009), and energy management (DIN EN ISO 50001:2011, HOPPE AG Stadtallendorf).
